Louis Denavaut received a commission in 2020 for the interior design of offices on Avenue Matignon in the 8th arrondissement of Paris. He had carte blanche for the project, with just a single specification: to combine cutting-edge technology with contemporary aesthetics. To redesign the 4,000 sqm, Louis Denavaut asked former classmates from the École Camondo, Hauvette & Madani, to join in.

The offices, situated in a modern building featuring large glass windows, lacked charm and personality. To offset the somewhat sterile setting, Louis Denavaut and Hauvette & Madani transformed the space by lining the inner walls with a double layer of warm wood to contrast with the smooth stone, and by controlling the luminosity, dividing the area using elegant linen curtains to enhance intimacy and comfort.

The color palette is based on a range of beiges, which immediately creates a soothing, warm light for a more comfortable work environment.

Nearly all the furniture—from the counter to the sofas, along with the lamps and adjustable desks—was custom-designed by Louis Denavaut and Hauvette & Madani, in collaboration with LA MANUFACTURE.

The result is welcoming, elegant and functional space.

DIVISARE BOOKS

FULL CATALOGUE HOMES QUOTES PHOTO ESSAYS

The new divisare books are small format pocket-book size, in limited editions of 200 copies, high-resolution digital printed, bound, with a hardcover, finished in fine English paper. Titles on the cover are silver foil hot stamped. We attach great importance to the tactile quality of the book as an object as well as, of course, its contents. Unlike the web that runs fast and vanishes faster, leaving no trace, Our books have the aim of lasting in time. The idea is simple: printed paper instead of pixels; we just want to invite you to get away from the screens of your devices for a moment, to sit back in a favorite armchair and enjoy a good read, in the old fashioned way.

HELP US SWIM AGAINST THE TIDE.

Join us in taking a stand against the short attention architecture media.

Divisare is the result of an effort of selection and classification of contemporary architecture conducted for over twenty years. Patient work, done with care, image after image, project after project, to offer you the ideal tool with which to organize your knowledge of contemporary architecture. Instead of a quick, distracted web, we want a slow, attentive one. Instead of hastily perused information, we prefer knowledge calmly absorbed. This is why Divisare is a place to perceive architecture slowly, without distractions. No click—like—tweet—share, no advertising, banners, pop-ups. Just architecture, no more and no less.
