

SATURDAY SELECTS

Week of December 13, 2021

by Monica Khemsurov

French designer [Louis Denavaut](#) recently completed the renovation and decoration of a duplex apartment owned by two artists in Paris, located between the Tuileries garden and the Opéra Garnier. We're extremely envious of the way the huge angled windows are mirrored by the glass floors of the mezzanine, ensuring the apartment stays flooded with light. Its railing was inspired by vintage ocean liners.
